dogs that learn quicker than others, how I teach dogs these tricks. Well, there is no trick about it that I ever knew. It takes patience and judg ment and kindness. I seldom use the into a squabble. I separated them, but with trouble. In doing so I had to cut one of them with the whip that fellow is heartbroken. He ha had the sulks ever since. He won' eat and he won't act. I've got to send

"A dog should be at least a year old before training. I select different preeds for different acts. The grey ound is a natural leaper. The spanis s a trickster. The spitz is the clown The black dog-the black and tan one

"Under ordinary circumstances the average dog will learn his trick in five weeks. Then the test comes when he oes on the stage the first time. Tall bout people having stage fright! I've nown dogs when brought on the age for the first time make a break ad run away and tremble like whitened child. When they get used it, though, they like the stage, and the more applause they get the bette ev net. You may think that stretching it, but it is a fact that trick dogs do better if they are applauded, and this is especially true if the ap

use comes from children. These trick dogs know their places the stage and take their cue from ny looks. They are as eager for the how to begin as children are eager f olay. This, I think, is instinct, for nybody could go on the stage wit em if he knew the words to speal and the motions to make, and the dog would go through the same pro gramme they go through with me.

"I keep them in eages after the show. Every morning at 9:30 I take them out for exercise. They are fee twice a day-in the morning and after the show at night. This troupe cor

When I returned to the stage with hem they went through every part vithout a break. There is good feelng between the members of the pres ent family. They are healthy and full of fun. There isn't a cynic in the lot."-Chicago Tribune.
